Support your strategy for administrative excellence and student success with the Aspen Student Information System, a state-of-the-art data platform from Follett Software. Aspen houses all of your data, so you can easily find it, report on it, analyze it and use it to the fullest extent. A single, web-based system means one system to learn and one system to maintain—and one place to go to find the resources you need. Because Aspen is completely customizable, you can modify it to look exactly the way you want it to look and do what your district and schools need it to do. Aspen provides all the tools you need to run your schools, including:

- System Administration
- State and Local Reporting
- Master Schedule Builder
- Teacher Gradebook
- Health Management
- Attendance and Conduct Records
- Professional Development
- Special Education
- Family and Student Portals
- Teacher Webpages

Centralize your health management system so you can focus on caring for your students' physical well-being.

Integrate Health Data with Your SIS

A healthier school community translates into happier students and improved educational performance. Aspen's Health view is the first step in achieving that goal.

- Nurses use a single login for immediate access to schools and students
- Eliminate duplicate visit entry with the daily visit log
- Log one entry per student, per day – add as needed
- Identify the status of any visit with easy-to-spot icons

Communicate Quickly with Staff

If you see a pattern of concern developing while assessing the health of multiple students, rapidly inform the appropriate administrators with Aspen's Health view.

- Use health alerts to notify staff of potential outbreaks or other hazards
- Disclose specific student medical conditions, like allergies or asthma, to teachers right inside their Aspen Gradebook
- Notify staff and teachers of any FERPA compliance issues

Access the Resources You Need

Aspen's Health view is your gateway to relevant, real-time, actionable health information at the school and district level. Identify health issues before they spread, with:

- Access to all student demographic and contact data in the Health view
- District-wide access to searchable conditions, medications and more
- Nurse managers who can monitor nurse office activity throughout their district to quickly discern similar recurring health issues

Provide Outstanding Student Care

Fast, reliable information is the strongest asset afforded by Aspen's Health view. With it, nurses are able to:

- Initiate an automatic immunization compliance check
- Track and report data by screenings, immunizations and residential status
- Record and monitor medical conditions, screenings and medication

| TimeIn | TimeOut | Name | VisitType | TreatmentCode | Notes | Status | Quick change |
|----------|----------|-------------------|-------------------|-------------------------|-------|---------|------------------|
| 8:55 AM | | Bennett, Rita | Mental Behavioral | Counseling | | Current | [C] [O] [P] [CL] |
| 9:00 AM | | Anderson, Mina | Other | Med Nebulizer Treatment | | Current | [C] [O] [P] [CL] |
| 1:13 PM | | Ploner, Popkewitz | Injury | Med Tylenol | | Open | [C] [O] [P] [CL] |
| 10:30 AM | | Seans, Cytelle | Injury | Haust Pump Care | | Current | [C] [O] [P] [CL] |
| 10:45 AM | 11:15 AM | Sell, Rose | Brass | Blood Pressure | | Closed | [C] [O] [P] [CL] |
| 10:59 AM | 10:42 AM | Della, Changwang | Other | Auxiliary Lungs | | Closed | [C] [O] [P] [CL] |
| 10:31 AM | 10:35 AM | Argha, Lillian | Injury | Med Tylenol | | Closed | [C] [O] [P] [CL] |
